Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Information regarding copending application will be added to specification.

Examiner agreed that either proposed way of overcoming the lack of antecedent basis for claims 2-4, 8-10 and 14-16 should be acceptable.

Examiner and attorney discussed the 101 rejections. Amending to indicate that the medium is tangible (or alternatively volatile or non-volatile as opposed to transmission media, as discussed in the applicant's specification) would appear to overcome the 101 rejection, pending further review by the examiner's supervisor.

Examiner will consider the argument regarding the differences between claims 4, 10, and 16 versus Wong in view of Haimberg..
